NOT-SO-FUN-LUNCH!

Fun Lunch may not be fun anymore because we have too few volunteers on Mondays and Thursdays! If you can possibly give one day per month or are willing to be placed on a rotation for lunch duty, please contact the school office ASAP—and thanks!

HANDBOOK CORNER

Homework Lab

After School Homework Lab is designed to impose that discipline until the student experiences the satisfaction of a job well done. Unlike the tutoring centers, the homework lab is mandatory for students in grades K-8, and is assigned automatically when students go to class without having completed their homework. This also applies if a student leaves homework at home. Homework lab is mandatory. All late assignments will be turned in to the homework lab monitor and will not be accepted by a teacher even if the work is completed by the end of the school day. In that case, the student will use homework lab to work on current assignments. Homework lab will take precedence over any and all after school extra-curricular activities occurring during the same time.
